# **Experimental Results**

#### eOGame

For this experiment I will test newly generated EOBoards with the function based on random seeds. Boards will be used three times for increased accuracy.

Function Call: eOGame (eODeal 10)
Details: Same result on each call of function

# eOExpt

For this experiment I will test a range of random integer seeds which will play a game 100 times. All 100 results will be shown. I will test these three times for increased accuracy.

Function Call: eOExpt 30
Details: Same result on each call of function.
Average score: 16
